To Whom So Ever it may concern

I am delighted to write this letter in support of **Mr. Sarthak Gupta**, for his candidature at your institute for the graduate program. I have known Sarthak since the year 2018 when he joined Bachelor of Technology (Information Technology) program at Vellore Institute of Technology (VIT).

Sarthak has been a brilliant student with an outstanding academic record. He has keen interest in innovative applications of information technology and has worked with a few government and enterprise-led initiatives. Sarthak is a quick learner and open to new experiences. He excelled in his course projects and assignments exploring various facets of computer science and allied domains. He has published two technical papers one each in an international journal and an IEEE conference.

Apart from being technically competent, Sarthak has been an active participant of professional development events at VIT. He was closely associated with Association for Computing Machinery (ACM) VIT Student Chapter. Sarthak served as President of the chapter for the term 2020-2021 and contributed significantly towards the growth of the chapter. Under his leadership, the chapter organized Hackathons, Workshops and Seminars for the benefit of student community.

Overall, Sarthak Gupta will make an outstanding graduate student. I wholeheartedly support his candidacy at your esteemed university for the graduate program.
